Narrative Information

Please do not exceed the space allowed.

1. **The actions, skills, attitudes and values of medical center or VISN leadership have significantly influenced the success of VHA's clinical simulation training, education and research programs.**

2. The nominee has been successful in supporting the creation of a VA medical facility and/or VISN-based simulation training infrastructure (e.g. dedicated simulation center staff, simulation center space, protected time for learners, simulation equipment) that has allowed the dissemination of simulation-based training activities to improve the quality of health care for Veterans.

3. The nominee has advanced communication about VHA's clinical simulation training, education and research program by hosting VISN or facility simulation events and/or delivering public presentations to VA and non-VA audiences about their facility or health system's simulation best practices.
